# Census Bureau @ Cornell Seminar Series

CISER, Cornell Population Center, Center for the Study of Inequality, Economics, and the Labor Dynamics Institute have partnered to invite a number of Census Bureau researchers to present on a variety of topics at Cornell University. This is an excellent opportunity to learn about exciting research done at the largest US statistical agency, research behind the economic, demographic, geographic, sociological data that many researchers use.

Census Bureau speakers are present on-campus for an extended period surrounding the presentations, and we encourage interested parties to contact Warren Brown [[wab4@cornell.edu](mailto:wab4@cornell.edu)] at CISER to schedule a one-on-one meeting, in particular if they are interested in preparing or furthering research that uses confidential data accessible through the [Federal Statistical Research Data Center](#) at CISER.

DATE	TIME	LOCATION	SPEAKER	TOPIC
2020-02-11	3:00-4:00	Uris 420	<i>Scott Ohlmacher</i>	<b>Joint ECON-CISER Seminar: Business-Level Expectations and Uncertainty – Analyses with the Census Bureau’s 2015 Management and Organizational Practices Survey</b>
